Connection to the Bujinkan:

Takagi Umanosuke Shigesada 高木馬の輔重貞 from the Hon Tai Takagi Yoshin Ryu Jutaijutsu 本體高木揚心流柔體術 fought and lost a friendly fight with Takenouchi Kagasuke Hisayoshi 竹内加輔久吉. Daimyo Mori Sadahisa requested that the pair engage in a contest. Umanosuke was 6ft 8 inch tall, which Takenouchi only 4ft 8 inch tall.

This defeat seems to have made Umanosuke realise that he was too arrogant, and changed his ways. Umanosuke turned and bowed to Takenouchi, telling him that he had been beaten fair and square. He also went on to mention that he had never been beaten before in such a way as Takenouchi had beaten him. Umanosuke then became a student of Takenouchi. Umanosuke received his Menkyo 免許 (Kaiden level 皆伝) from Takenouchi Hisayoshi. He then added many new techniques from the Takenouchi Ryu to the Takagi Yoshin Ryu teachings.
